

Wildmoor Wild Challenge

Design and make your own bird feeder during the half-term holiday.

We've already made these

All bird feeders look like this, right? **WRONG!**

You could recycle milk bottles
(use sand paper to smooth any rough edges)

Use half an orange or grapefruit skin

Re-use chipped mugs

How about these unusual or colourful ideas ...

Raid the recycling for plastic pots or trays ...

Or how about a
Lego
challenge?

How will you make yours?

Send a photograph of your home-made
bird feeder to your class teacher.

Certificates and prizes to be won!
