Forest School

Forest School at is an engaging, outdoor, child-centred experience that builds confidence, curiosity, and a deep connection with nature. Sessions take place all year round on our beautiful site, Wildwood. Here, our children are encouraged to explore, build, discover, play freely, and take supported risks. They observe the changing seasons, care for living things, improve their knowledge and understanding of plants and animals, and connect with the natural world. Each session is a new adventure...

Children have the opportunities to develop their resilience, independence, teamwork, and problem-solving skills through hands-on, practical experiences. Activities such as den building, fire lighting, woodwork, encourage children to take risks, overcome challenges, and learn through doing.

Skills are nurtured and developed over a six-year Forest School journey at Wildmoor.

Children are also given the freedom to follow their own interests, use their imagination, and explore at their own pace. Being outdoors and away from the traditional classroom environment allows the children to discover new things, build their confidence, and develop a deeper connection with nature.

- Five two-hour sessions, on Thursdays with the class split into AM and PM groups

- A Forest School agreement must be signed and returned in advance. Paper and electronic copies will be shared ahead of the sessions which will include with additional information about clothing and dates
- The children's experiences may sometimes vary slightly between the AM and PM groups, as activities can be guided by the ideas and interests of each group
- Some sessions may involve food being cooked on the fire. We check allergies and dietary requirements using school records ahead of these sessions, but please let us know if there are any changes. Thank you!
