

# Outdoor Learning Upgrade Project

Currently, the PTA are working hard on two major school improvement projects: building a fantastic sheltered lunch space in the courtyard and upgrading the Haven, our Outdoor Learning area.

As a result of the ongoing renovations, the Haven will be closed and Outdoor Learning sessions will be temporarily unavailable.

We will keep you updated on the progress and let you know when it's ready to be used. We're committed to ensuring that all year groups get a chance to benefit from this space in the upcoming academic year.
